# FY 2017 Medical Device User Fee Small Business Qualification and Certification

## Guidance for Industry, Food and Drug Administration Staff, and Foreign Governments

*This guidance represents the current thinking of the Food and Drug Administration (FDA or the Agency) on this topic. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. To discuss an alternative approach, contact the Offices responsible for this guidance as listed on the title page.*

### I. Introduction

The Medical Device User Fee Amendments (MDUFA) require the payment of a user fee for most types of medical device applications. A business that is qualified and certified as a “small business” is eligible for a substantial reduction in most of these user fees. This guidance describes the process for how a business may request qualification and certification as a small business.

A business that qualifies as a “small business” is eligible for a significant reduction in the fees described in Table 1, as well as a one-time waiver of the user fee for its first (ever) premarket application (premarket approval application [PMA], biologics license application [BLA], product development protocol [PDP], or premarket report [PMR]).

For purposes of this guidance, note, there should be a National Taxing Authority within the Foreign Government who will be responsible for completion of the appropriate sections of the Form FDA 3602A. In this guidance, we will refer to “Foreign Government” and “National Taxing Authority” interchangeably.

FDA's guidance documents, including this guidance, do not establish legally enforceable responsibilities. Instead, guidances describe the Agency's current thinking on a topic and should be viewed only as recommendations, unless specific regulatory or statutory requirements are cited. The use of the word *should* in Agency guidance means that something is suggested or recommended, but not required.

## II. Overview

Information about the process based on your role is described in the following sections of this guidance:

- **for a U.S. Business:**
  - see Section II(B) and Section IV
  - use **Form FDA 3602 for FY 2017:** FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States
  - if you have foreign affiliates, use **Form FDA 3602A for FY 2017:** FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States
- **for a Foreign Business:**
  - see Section II(C) and Section V
  - use **Form FDA 3602A for FY 2017:** FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States
- **for a National Taxing Authority:**
  - see Section II(D) and Section VI
  - work with your Foreign Business/Affiliate to complete **Form FDA 3602A for FY 2017:** FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States

As you review this guidance, please follow the instructions and complete the form(s) appropriate for your business.

For additional information about medical device user fees, see FDA’s Medical Device User Fees web site at:

<http://www.fda.gov/ForIndustry/UserFees/MedicalDeviceUserFee/default.htm>

This site provides an overview of the laws establishing medical device user fees, links to additional guidance documents, answers to frequently-asked questions, and more.

### ***A. Eligibility***

To be eligible for a reduced small business fee, you must qualify as a “small business.” This is defined as having gross receipts or sales of no more than \$100 million for the most recent tax year. If you have any affiliates, you must add their gross receipts or sales to yours, and the total must be no more than \$100 million<sup>1</sup>. More information about the general applicability may be found in **Section III** (Small Business Fees: 2017 Fee Schedule, Benefits and “First Premarket Application” Fee Waiver) and **Section VII** (Frequently-Asked Questions) of this guidance.

The establishment registration fee is not eligible for a reduced small business fee. If the only user fee you expect to pay in FY 2017 is the establishment registration fee (i.e., you do not plan to submit a marketing application requiring a user fee), you receive no benefit for submitting an FY 2017 Small Business Qualification and Certification request. Please do not submit such requests.

---

<sup>1</sup> See Sections 738(d)(2)(A) and 738(e)(2)(A) of the Federal Food, Drug, and Cosmetic Act (FD&C Act).

Finally, please be advised of the following regarding the scope and eligibility of this Guidance:

- requests for an FY 2017 Small Business status must be received by September 30, 2017;
- a granted FY 2017 Small Business status expires on September 30, 2017; and
- a sponsor must be granted the FY 2017 Small Business status prior to submitting a medical device submission that requires a user fee, if the sponsor wishes to apply any applicable reduction in user fee for that submission<sup>2</sup>.

### ***B. U.S. Businesses***

If your business is headquartered in the United States, you should follow the guidance in **Section IV** (Guidance for U.S. Businesses). To qualify as a small business, please complete Form FDA 3602 for FY 2017 (FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States), and submit the completed form to FDA. Appendix 1 of this guidance contains a copy of Form FDA 3602 and Appendix 2 of this guidance contains instructions for how to complete the form.

If you have any foreign affiliates, please complete Form FDA 3602A for each foreign affiliate (see Appendix 3 for Form FDA 3602A and Appendix 4 for instructions).

### ***C. Foreign Businesses***

If your business is a foreign business headquartered outside the United States, you should follow the guidance in **Section V** (Guidance for Foreign Businesses). To qualify as a small business, please follow these sequential steps:

1. You complete Sections I and II of Form FDA 3602A for FY 2017 (FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States).
2. You submit Form FDA 3602A for FY 2017 to your National Taxing Authority (the equivalent of the U.S. Internal Revenue Service), who then completes Section III of that form (i.e., National Taxing Authority Certification).
3. The National Taxing Authority returns the updated form to you.
4. You submit the completed Form FDA 3602A, with Sections I, II, and III fully completed, to FDA for review. Appendix 3 of this guidance includes a copy of Form 3602A and Appendix 4 includes instructions for how to complete this form. In addition, if your business has any foreign affiliates, you must send a separate certified Section III of Form FDA 3602A for each foreign affiliate. If your business has any U.S. affiliates, you must send a U.S. Federal income tax return for each U.S. affiliate.

We recommend that you review **Section VI** (Guidance for Foreign Governments - How to Prepare a National Taxing Authority Certification) to understand the responsibility of your National Taxing Authority and, specifically, Section III of the Form FDA 3602A.

---

<sup>2</sup> See Section 738(a)(2)(C) of the FD&C Act.

#### ***D. National Taxing Authority***

If you are a National Taxing Authority, you should review **Section VI** (Guidance for Foreign Governments – How to Prepare a National Taxing Authority Certification) for instructions on your responsibilities. Complete Section III for the Form FDA 3602A (National Taxing Authority Certification) submitted to you by a business headquartered in your nation and return the completed form back to the business that sent you the form.

#### ***E. Important Note for Submitters of Prior Year(s) Small Business Applications***

The process and principles described in the FY 2017 Guidance are substantially similar to the FY 2016 Guidance. Please be advised that starting with FY 2015, FDA has made quality improvements in the program, in areas such as administrative completeness and consistency of documentation. As a result, it is important for FY 2017 applicants to understand the instructions described in this guidance document.

### **III. Small Business Fees: 2017 Fee Schedule, Benefits, and “First Premarket Application” Fee Waiver**

This section identifies the 2017 fee schedule, explains the benefits of qualifying as a small business and defines the “first premarket application” fee waiver.

#### ***A. 2017 Fee Schedule***

The FY 2017 fees are shown in Table 1, and are set by law.<sup>3</sup> If your application is subject to a fee, the law requires you to pay the standard fee unless FDA determines that you qualify as a small business. If you qualify as a small business for FY 2017, you are eligible to pay a reduced fee for any application types listed in Table 1 from the date of FDA’s determination of your small business status through the end of FY 2017.

---

<sup>3</sup> See Sections 738(b) and 738(d) of the FD&C Act.

Type of Fee	Annual Fee	
Establishment registration fee	3,382	

**B. Benefits of Qualifying as a Small Business**

If you qualify as a small business, you will pay a significantly lower user fee than the standard fee for the application types described in Table 1.

**C. “First Premarket Application/Report” Fee Waiver**

If the FDA determines that you are eligible for a “first premarket application/report” fee waiver, this means that you will be eligible to waive the fee for your first premarket application/report (i.e., PMA, BLA, PDP, or PMR). This may be done one time only. The “first premarket application/report” is defined as the first PMA (including Modular PMA), BLA, PDP, or PMR received by FDA from a business entity or any of its affiliates. If a second business entity (or any of its affiliates) acquires another business entity that has previously submitted a premarket application/report, then the second business entity is not eligible for a “first premarket application/report” waiver.

To qualify for the “first premarket application/report” fee waiver, you must meet both of these criteria:

1. You must qualify as a small business with gross receipts or sales of no more than \$30 million, including the gross receipts or sales of all of your affiliates<sup>4</sup>.

Note: This means that some businesses may qualify as a **small business** because their gross receipts or sales are less than \$100 million but would not qualify for the **“first premarket application/report” fee**

<sup>4</sup> See Section 738(d)(1) of the FD&C Act.

**waiver** if their gross receipts or sales are more than \$30 million.

2. FDA must determine that this is your first premarket application/report. Specifically, if you or any affiliate previously submitted a premarket application/report, then your next application does not qualify for the “first premarket application/report” fee waiver, and you must pay the fee that would otherwise apply.

Examples of situations that do not qualify for “first premarket application/report”:

- A. Business A has an approved PMA and is acquired by Business B. Business B has not submitted a PMA, BLA, PDP or a Modular PMA to FDA. Because Business A has submitted a PMA, Business B is not eligible for the first premarket application/report fee waiver.
- B. A business with Name A has submitted a BLA and then changes its name to Name B. Under Name B, the business submits a Modular PMA. This is considered the same Business. The business is not eligible for the first premarket application/report fee waiver.
- C. A business submits a PMA that is not approved and then submits a Modular PMA for a different product. The business is not eligible for the first premarket application/report fee waiver because it has already submitted a premarket application regardless of whether it was approved.

## **IV. Guidance for U.S. Businesses**

A U.S. business is a business headquartered in the United States. If you are a U.S. business, you should follow the guidance provided in this section. If your business is headquartered in a foreign country, you should follow the guidance in **Section V** (Guidance for Foreign Businesses).

If you believe you qualify as a small business and want to pay reduced or waived fees, you should submit the following documents to the FDA:

- a completed Form FDA 3602 for FY 2017 (FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States)
  - include your Organization ID number (Org ID) for insertion into FDA Form 3602 (for instructions on obtaining your Org ID see Section VII. Frequently Asked Questions, “What is an Organization ID number (Org ID)”);
- a copy of your original Federal income tax return for the most recent tax year;
- a separate Federal (U.S.) income tax return for each U.S. affiliate; and
- certified Section III of Form 3602A for each foreign affiliate.

FDA will review your Form FDA 3602 and supporting materials within 60 days. Upon completion of our review, we will send you a letter that indicates whether or not your business has been qualified under MDUFA as a small business. A qualified small business is then eligible for a reduced or waived fee for submissions made during FY 2017 (i.e., submissions received by FDA from October 1, 2016 through September 30, 2017). If your business is qualified as a small business, FDA’s decision letter will assign you a Small Business Decision number. You should provide this number to FDA each time you want to receive a small business fee discount for one of the applications types identified in Table 1 or, if you qualify, when you want to obtain a fee waiver for your first premarket application.

**What is an affiliate?**

The term “affiliate” is defined in Section 737(12) of the FD&C Act. An affiliate means a business entity that has a relationship with a second business entity whether, directly or indirectly:

- (a) one business entity controls, or has the power to control, the other business entity; or
- (b) a third party controls, or has power to control, both of the business entities.

You must include the gross receipts or sales of all of your affiliates with your own gross receipts or sales when you prepare your Form FDA 3602 for FY 2017 (FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States).

**Why does FDA require me to submit Federal (U.S.) income tax returns?**

Sections 738(d)(2)(B) and 738(e)(2)(B) of the FD&C Act require an applicant to pay the standard fees for its submissions *unless* it demonstrates it is a small business by submitting a copy of its most recent Federal income tax returns (and returns of all affiliates). A consequence of this requirement is that you cannot qualify as a small business under MDUFA if you have not submitted a Federal income tax return. Until you file a Federal income tax return, you can not qualify as a small business and, therefore, the law requires you to pay the standard fee for any medical device application you submit that is subject to a fee. FDA cannot accept a foreign tax return in place of a Federal (U.S.) income tax return.

**What is an acceptable copy of Federal (U.S.) income tax returns?**

An acceptable copy of Federal (U.S.) income tax returns is an identical signed copy of the entire original Federal (U.S.) income tax returns submitted to the United States Internal Revenue Service (IRS). Please do not include your state tax return only the Federal U.S. income tax return is needed.

The copy must include the signature and the date of the signature of an officer, partner, or member of the company. Alternatively, you may submit a copy of the e-file form submitted to the IRS, if your documentation includes a dated signature of an officer, partner or member.

**What is the most recent tax year?**

The most recent tax year will be 2016, with these exceptions:

- If you submit your Form FDA 3602 for FY 2017 and supporting materials *before* April 15, 2017 and you have not yet filed your return for 2016, then you may use tax year 2015.
- If you submit your Form FDA 3602 for FY 2017 and supporting materials *after* April 15, 2017 and you have not yet filed your 2016 return because you obtained an extension, then you may use your most recent return filed prior to the extension. In this scenario you should also include IRS Form 7004 in your application.

**My organization filed a Form 990, Return of Organization Exempt from Income Tax. Do I still need to qualify as a Small Business?**

Yes. The FD&C Act does not exempt you from medical device user fees or grant you automatic small business status simply because you are exempt from Federal income tax. You are subject to the same “gross receipts or sales” thresholds as other applicants. You should report your Total Revenue (line 12 of Form 990) as your “gross receipts or sales.”

**Where may I obtain a copy of Form FDA 3602 for FY 2017 (FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States form)?**

A copy is included in Appendix 1 of this guidance. You may print the pages that include the form, and then complete it by hand or by typewriter. If you download the PDF (portable document format) version of this form, you can fill in the form using your computer and then print it. The PDF version is available at:

<http://www.fda.gov/aboutfda/reportsmanualsforms/forms/default.htm>

The information you enter on the PDF version of the Certification form is not saved on your computer and is not sent to FDA. You will not be able to “retrieve” or “open” your completed Certification at a later time. After you complete the electronic version of the Certification, *you will need to print the form*, sign it, date it, and send it to FDA with your supporting Federal income tax returns.

**Where do I send my completed Form FDA 3602 for FY 2017 (FY 2017 MDUFA Small Business Qualification and Certification, for a Business Headquartered in the United States form) and supporting materials?**

Send your completed Form FDA 3602 for FY 2017 and all supporting materials to:

FY 2017 MDUFA Small Business Qualification  
Division of Industry and Consumer Education  
10903 New Hampshire Avenue  
Building 32, Room 3215  
Silver Spring, MD 20993  
U.S.A.

Be sure to include copies of all Federal income tax returns and certifications from foreign national taxing authorities that relate to your Certification.

**May I submit a foreign income tax return to show I am a small business?**

No. Under the law, if your business is headquartered in the United States, you must support your claim that you qualify as a small business “by submission of a copy of [your] most recent Federal income tax return for a taxable year, and a copy of such returns of [your] affiliates...” If your business is headquartered in the United States and you have not filed a Federal (U.S.) income tax return, you cannot qualify as a small business under MDUFA. See sections 738(d)(2)(B) and 738(e)(2)(B) of the FD&C Act.

**What do I provide if I have a foreign affiliate?**

If you have a foreign affiliate, you should submit a separate FY 2017 Foreign Small Business Qualification and Certification (which includes a National Taxing Authority Certification) for that affiliate.

**What do I do if the National Taxing Authority does not provide the certification on Section III of Form 3602A?**

See answer in Section V below.

## V. Guidance for Foreign Businesses

A Foreign business is a business headquartered outside the United States. If you are a Foreign business, you should follow the guidance provided in this section. If your business is headquartered in the United States, you should follow the guidance in **Section IV** (Guidance for U.S. Businesses).

If you are a foreign business and wish to qualify as a small business, please follow these sequential steps:

1. You complete Sections I and II of Form FDA 3602A for FY 2017 (FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States). Note you need to generate your Organization ID number (Org ID) and insert this in the proper field in FDA Form 3602A (see page 17 of this guidance for instructions on generating the Org ID).
2. You submit Form FDA 3602A for FY 2017 to your National Taxing Authority (the equivalent of the U.S. Internal Revenue Service), who then completes Section III of that form (i.e., National Taxing Authority Certification). Please ensure all appropriate boxes and lines are filled in.
3. The National Taxing Authority returns the updated form to you.
4. You submit the completed Form FDA 3602A, with Sections I, II, and III fully completed, to FDA for review. Note that Appendix 3 and Appendix 4 of this guidance include a copy of Form 3602A and instructions for how to complete this form. In addition, if your business has any foreign affiliates, you must send a separate certified Section III of Form FDA 3602A for each foreign affiliate. If your business has any U.S. affiliates, you must send a U.S. Federal income tax return for each U.S. affiliate.

We recommend that you review **Section VI** (Guidance for Foreign Governments – How to Prepare a National Taxing Authority Certification) to understand the responsibility of your National Taxing Authority and, specifically, Section III of Form FDA 3602A.

FDA will complete its review of your completed Form FDA 3602A and supporting evidence within 60 days of receipt. Upon completion of our review, we will send you a letter that indicates whether or not your business has been qualified under MDUFA as a small business. A qualified small business is then eligible for a reduced or waived fee for submissions made during FY 2017 (i.e., submissions received by FDA from October 1, 2016 through September 30, 2017). If your business is qualified as a small business, FDA's decision letter will assign you a Small Business Decision number. You should provide this number to FDA each time you want to receive a small business fee discount for an application type identified in Table 1 or, if you qualify, when you want to obtain a fee waiver for your first premarket application.

### **What is an affiliate?**

The term "affiliate" is defined by Section 737(12) of the FD&C Act. An affiliate means a business entity that has a relationship with a second business entity if, directly or indirectly:

- (a) one business entity controls, or has the power to control, the other business entity; or
- (b) a third party controls, or has power to control, both of the business entities.

You must include the gross receipts or sales of all of your affiliates with your own gross receipts or sales when you prepare your Form FDA 3602A (FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States.

**Who is my National Taxing Authority?**

Your National Taxing Authority is the government agency that collects your national income tax. Please contact your national government to identify the appropriate point of contact for your National Taxing Authority.

**What do I do if the National Taxing Authority does not provide the certification on Section III of Form 3602A for my business or my foreign affiliate?**

Form FDA 3602A contains a field for certification from a National Taxing Authority for a foreign business or affiliate, which serves as authentication of the gross sales and receipts for that business/affiliate. FDA expects you to obtain this official certification.

If the National Taxing Authority does not provide the certification, you may provide a written explanation of impossibility for why you were unable to obtain this certification along with Form FDA 3602A. All explanations are reviewed on a case-by-case basis. However, all explanations should include documentation that the National Taxing Authority refused to provide the certification.

**May a foreign applicant file a Federal (U.S.) income tax return in order to qualify as a small business under MDUFA?**

Although the law does not prohibit a foreign business from submitting a Federal income tax return, filing a Federal income tax return may have significant tax and other legal consequences beyond simply making you eligible as a small business under MDUFA. FDA cannot provide advice regarding whether you should or should not file a Federal income tax return. If you are in doubt as to whether it is advisable for you to file a Federal income tax return, you should consider consulting with qualified legal and tax professionals. Additional information on Federal income taxation is available from the United States Internal Revenue Service ([www.irs.gov](http://www.irs.gov)).

**Where may I obtain a copy of FDA Form 3602A (FY 2017 MDUFA Foreign Small Business Qualification and Certification form)?**

A copy is included in the Appendix 3 of this guidance. You may print the pages that include the form, and then complete it by hand or by typewriter. If you download the PDF (portable document format) version of this form, you can fill in the form using your computer and then print it. The PDF version is available at:

<http://www.fda.gov/aboutfda/reportsmanualsforms/forms/default.htm>

The information you enter on the PDF version of the Certification form is not saved on your computer and is not sent to FDA. You will not be able to “retrieve” or “open” your completed Certification at a later time. After you complete the electronic version of the Certification, *you will need to print the form*, sign it, date it, and send it to your National Taxing Authority with any additional information or materials required by the National Taxing Authority.

Your National Taxing Authority should complete Section III (National Taxing Authority Certification) of Form FDA 3602A and return the form to you. You should then send Form FDA 3602A, with Sections I, II, and III fully completed and all supportive materials to FDA.

**Where do I send my completed Form FDA 3602A for FY 2017 (FY 2017 MDUFA Foreign Small Business Qualification and Certification form) and supporting materials?**

Send your completed Form FDA 3602A for FY 2017, with Sections I, II, and III fully completed, and all supporting materials to:

FY 2017 MDUFA Small Business Qualification  
Division of Industry and Consumer Education  
10903 New Hampshire Avenue  
Building 32, Room 3215  
Silver Spring, MD 20993  
U.S.A.

## **VI. Guidance for Foreign Governments – How to Prepare a National Taxing Authority Certification**

Qualification as a MDUFA small business allows the business to pay reduced medical device user fees. Some small businesses may also qualify to obtain a waiver of the fee for its first premarket application. Prior to enactment of the Medical Device User Fee Amendments of 2007, very few foreign businesses could qualify as a small business under MDUFA because the law required the business to submit a Federal (U.S.) income tax return as the only acceptable evidence that its “gross receipts or sales” did not exceed \$100 million.

The Medical Device User Fee Amendments of 2007 provide an alternative means for a foreign business to demonstrate that it qualifies as a MDUFA small business. Instead of providing a Federal (U.S.) income tax return, a foreign business may now obtain a certification from its “National Taxing Authority” showing that its gross receipts or sales do not exceed the \$100 million qualification threshold. The law requires that this certification, referred to as the “National Taxing Authority Certification,” must:

- be in English;
- be from the National Taxing Authority of the country in which the business is headquartered;
- provide the business’s gross receipts or sales for the most recent year, in both the local currency and in United States dollars, and the exchange rate used in converting local currency to U.S. dollars;
- provide the dates during which the reported receipts or sales were collected; and
- bear the official seal of the National Taxing Authority.

See Sections 738(d)(2)(B)(iii) and 738(e)(2)(B)(iii) of the FD&C Act.

Form FDA 3602A for FY 2017 (FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States) provides space for this required information in Section III — National Taxing Authority Certification.

**May the National Taxing Authority Certification be provided in any language other than English?**

No. Sections 738(d)(2)(B)(iii)(II) and 738(e)(2)(B)(iii)(II) of the FD&C Act require the certification to be in English.

**What are “gross receipts or sales”?**

If you are unsure how “gross receipts or sales” relate to your national income taxation system, please contact the United States Internal Revenue Services through the United States Embassy.

**What information should the business submit to the National Taxing Authority?**

The business should send you a Form 3602A for FY 2017 (FY 2017 MDUFA Foreign Small Business Qualification and Certification, for a Business Headquartered Outside the United States), with Section I and II fully completed. Each National Taxing Authority may require the business to provide additional information and evidence needed by the National Taxing Authority to determine the gross receipts or sales it will report in the National Taxing Authority Certification for the business.

**What exchange rate should be used to convert local currency to U.S. dollars?**

You should use the exchange rate in effect as of the ending date of the period during which the reported receipts or sales were collected; this is the date shown in response to item 5.b. of the National Taxing Authority Certification. FDA cannot provide this information to you; each National Taxing Authority is responsible for determining the appropriate exchange rate to use.

**Why does FDA require the National Taxing Authority Certification to bear the official seal of the National Taxing Authority?**

This is a statutory requirement. Sections 738(d)(2)(B)(iii)(II) and 738(e)(2)(B)(iii)(II) of the FD&C Act require the National Taxing Authority Certification to bear the official seal of the National Taxing Authority.

## VII. Frequently Asked Questions

**What is the purpose of a Small Business Decision number?**

The Small Business Decision number is used by FDA to confirm that you have been qualified as a small business and may receive the appropriate user fee reduction when you submit an application that requires a user fee (as described in Table 1 of this guidance). You should use your Small Business Decision number to document that you have qualified as a small business for FY 2017. You should include your Small Business Decision number when you submit a Medical Device User Fee Cover Sheet (Form FDA 3601) with an application.

**When will my status as a small business begin?**

Your status as a small business will begin on the date of FDA’s decision letter which qualified you as a small business.

**When will my status as a small business expire?**

Your status as a small business will expire on September 30, 2017. You should submit a new MDUFA Small Business Qualification and Certification each year to qualify as a small business. This is because:

- Your “gross sales and receipts” will vary from one year to another.
- We will always need a copy of your most recent Federal income tax return (if you are a U.S. business) or your most recent certification of income from your national taxing authority (if you are a foreign business).

### **What is an Organization ID number (Org ID)?**

If you are a registered company, you should already have an organization ID number. You should use this one - do not create a new one.

The organization number (Org ID) uniquely identifies your business in the FDA User Fee Website. The Org ID enables FDA to track your payments for the cover sheets received for the review of MDUFA applications that you submit. The Org ID is a system generated number assigned to a new organization during the account creation process.

If your company has never paid a user fee, you should create a new [User Fee System account](#). See the [FDA User Fee Account Creation Guide](#) for detailed instructions.

If you cannot locate your Organization ID number you can log into your account and go to the profile page to see your organization number.

If you forgot your user name and/or password or a message displays "Invalid username and/or password" while attempting to login, you can retrieve your user name and/or password online by returning to the User Fee System website and clicking on the "[Forgot User Name/Password?](#)" link. You will need to enter your user name and/or email address and then click on the "Email My Password" button. If the email address or username is valid, a temporary password will be sent to the user with the requested information. If the message "We're sorry, but we haven't been able to locate your account information" is displayed, you should create a new User Fee account. If your account is frozen, contact the User Fee Helpdesk at (301) 796-7200 or email [userfees@fda.gov](mailto:userfees@fda.gov) for login assistance.

### **What fee should I pay if I submit an application before FDA determines that I qualify as a small business?**

If you submit an application before FDA has qualified you as a small business, you should pay the standard (full) amount of any fee that applies. FDA will **not** refund the difference between the standard (full) fee and the small business fee if you later qualify as a small business. If you want to pay the small business fee for an application, you should not submit your application until you obtain your Small Business Decision number from FDA.

### **May an applicant request a small business determination for a prior fiscal year?**

No, Section 738(a)(2)(C) of the Federal Food, Drug, and Cosmetic Act states that all device user fees are due upon submission of device reports (such as PMA annual report) or device applications. A company must pay the fees before submitting their reports or applications. The process requires an applicant to first submit (and receive) the small business designation, and then submit any user fee-requiring applications in order to obtain the reduced fee. We have no provision for an applicant to retroactively request a small business status for a prior fiscal year.

### **What may happen if I submit a false certification concerning my business?**

When you make your certification, you are explicitly certifying:

“ . . . to the best of my knowledge, the information I have provided in this Certification is complete and accurate. I understand that submission of a false certification may subject me to criminal penalties under 18 U.S.C. § 1001 and other applicable federal statutes.”

This statement appears immediately above your signature.

A false certification is one where you report information that is *not true* (for example, your gross receipts or sales are actually higher than you state) or if you *fail to disclose* required information (for example, you fail to disclose the existence of a parent, partner, or affiliate).

If FDA determines you submitted a false certification, we may suspend your status as a Small Business, we may suspend the review of any application you submitted until you pay the full fee that applies to that type of application, we may seek payment of the unpaid portion of fees that should have been paid, we may take other legal actions that are appropriate under the circumstances, and you may be subject to criminal penalties under 18 U.S.C. § 1001 and other applicable federal statutes.

**If I have a question, who may I call?**

If you need additional information about becoming a MDUFA small business, contact FDA’s Division of Industry and Consumer Education at 800-638-2041 or 301-796-7100.
