Table of Contents

Titles of appendix documents are shown in italics and can be found on the disc accompanying this guide.

### 510(k)

U.S. FDA Issues Final Guidances on 510(k) Refuse-to-Accept, PMA Review Policies; February 2013 ... 5
- Acceptance and Filing Reviews for Premarket Approval Applications (PMAs): Guidance for Industry and Food and Drug Administration Staff (see disc)
- Refuse to Accept Policy for 510(k)s: Guidance for Industry and Food and Drug Administration Staff (see disc)

U.S. Aligns 510(k) Third-Party Reviewer Accreditation with IMDRF Standard; March 2013 ................. 7

### Advanced Therapy Medicinal Products

European Commission Seeks Comment on Regulation of Advanced Therapies; January 2013 ............. 11
- Public Consultation Paper on the Regulation on Advanced Therapy Medicinal Products (see disc)

Industry ATMP Reg Lacks Flexibility for Evaluating Non-Drug Components; June 2013 .................... 12
- Regulation (EC) No. 1394/2007 on Advanced Therapy Medicinal Products: Summary of the Responses to the Public Consultation (see disc)
- Eucomed’s Comments to the ATMP Consultation (see disc)

### Adverse Events

MHRA Seeks Input on Plan to Streamline AE Reporting; October 2013 ............................................ 17

China Issues Fresh Guidelines Urging Devicemakers to Utilize AER Systems; November 2013 .......... 18

### Advertising, Marketing

Devicemakers Reject TGA Proposal to Ban Ads for High-Risk Devices; August 2013 ..................... 21
- Consultation Regulation Impact Statement: Regulating the Advertising of Therapeutic Goods to the General Public, Version 4.6, May 2013 (see disc)
- Consultation Regulation Impact Statement: Regulating the Advertising of Therapeutic Goods to the General Public, 19 July 2013 (see disc)

### Clinical Guidelines

Clinical Trial Hold in India Leaves Devicemakers Unsure How to Proceed; February 2013 (see Clinical Trials)

India to Industry: Be Sure Ethics Panels Are Registered Before Starting Trials; March 2013 (see Ethics)

Industry to U.S. FDA: Draft Guidance on ISO-10993 Could Delay Reviews; August 2013 (see Regulatory Authority)
MHRA Tells Devicemakers to Balance Risk with Need to Show Efficacy; December 2013 (see Safety, Risk Management)

Clinical Trials

Clinical Trial Hold in India Leaves Devicemakers Unsure How to Proceed; February 2013 ...................25
Expert: Be Prepared for Major Shift in EU Clinical Trial Environment; March 2013..............................26
Long-Awaited U.S. Final Rule Rejects Parental Waivers, with Exceptions; March 2013 .........................28
Additional Safeguards for Children in Clinical Investigations of Food and Drug Administration-Regulated Products (see disc)
Aussie Industry Urges More Flexibility in Standardization of Clinical Trial Costs; June 2013 ..............30
Development of a Table of Standard Costs for Conducting Clinical Trials in Australia: Discussion Paper for Consultation (see disc)
MTAA Comment on the Independent Hospital Pricing Authority (IHPA) Paper: Development of a Table of Standard Costs for Conducting Clinical Trials in Australia (see disc)
Japan Partners with Universities on Early Sponsor Consultations; July 2013 (see Regulatory Authority)
U.S. NIH Halts Clinical Trials in India; Experts Blame New Compensation Rules; August 2013 .............32
CDSCO’s Draft Rules on Compensation in Death or Injury (see disc)
India Steps Back on Trial Compensation Rules, Introduces Regulatory Framework for Devices; September 2013 ......................................................................................................................................33
Press Information Bureau, Government of India, Ministry of Health and Family Welfare: Notification on Clinical Trials (see disc)
The Drugs and Cosmetics (Amendment) Bill, 2013 (see disc)
Final Guidance Clarifies U.S. FDA Ideas on Risk-Based Clinical Trial Monitoring; September 2013 (see Regulatory Authority)
UK Agency Ties Trial Registration to Favorable Ethical Opinion; October 2013 .................................36
CFDA Exempts Some Class II Devices from Clinical Trials, Beefs up Inspections; November 2013 .......37
Final Early Feasibility IDE Guidance Clarifies Informed Consent Needs; November 2013 ..............38
Investigational Device Exemptions (IDEs) for Early Feasibility Medical Device Clinical Studies, Including Certain First in Human (FIH) Studies: Guidance for Industry and Food and Drug Administration Staff (see disc)
India: Proposed Clinical Trial Oversight Reforms Raise Concerns; December 2013 ..........................40
Actions on the Recommendations of Prof. Ranjit Roy Chaudhury Expert Committee to Formulate Policy and Guidelines for Approval of New Drugs, Clinical Trials and Banning of Drugs (see disc)
Audiovisual Consent Confirmations Required in Indian Clinical Trials; December 2013 ....................42
India’s Audiovisual Consent Order for Trials (see disc)
U.S. FDA Pushes for More Blinding in Medtech Pivotal Trials; December 2013 ...............................43
Design Considerations for Pivotal Clinical Investigations for Medical Devices: Guidance for Industry, Clinical Investigators, Institutional Review Boards and Food and Drug Administration Staff (see disc)
Conflict of Interest

U.S. Appeals Court Set to Hear Case Against SEC’s Conflict Minerals Disclosure Rule; May 2013 ......47
SEC’s Conflict Minerals Final Rule (see disc)

Conformity Assessment

New Zealand, EU Agree to Recognize Conformity Assessments, GMP Audits; January 2013 .............51
Agreement Between the European Union and New Zealand Amending the Agreement on Mutual
Recognition in Relation to Conformity Assessment Between the European Community and New
Zealand (see disc)
Aussies: In-House, Commercial IVDs Should Meet Same Conformity Standards; August 2013 ..........52
Proposed Amendments to the New Regulatory Framework for In Vitro Diagnostic Medical
Devices (IVDs) (see disc)
Submission to the TGA Consultation Paper: Proposed Amendments to the New Regulatory
Framework for In Vitro Diagnostic Medical Devices (IVDs) (see disc)

Data Protection

Sponsors Urge Exemptions, Consistency in U.S. Proposed Rule on Foreign Data; June 2013 ............57
Human Subject Protection; Acceptance of Data from Clinical Studies for Medical Devices
(Proposed Rule) (see disc)
Data Protection Rules Would Give Patients New Data ‘Erasing’ Powers; November 2013 ...............59
Compromised Data Protection Amendments, Provided by LIBE (see disc)

Design, Development

U.S. FDA Pushes for More Blinding in Medtech Pivotal Trials; December 2013 (see Clinical Trials)
U.S. FDA Considers Prequalifying Device Development Tools; December 2013 (see Regulatory Au-
thority)

Device Directives

Industry Decries ‘Needle in a Haystack’ Approach to Device Scrutiny Proposal; February 2013 .......63
Eucomed’s Response to the Commission’s Proposal for the Revision of the EU Medical Devices
Directives (see disc)
COCIR High Level Contribution to the EC Proposal for Medical Devices Regulation (see disc)
Centralized Premarket Mechanism Is Not Answer to EU Device Regulation: Industry; March 2013......65
Expert: Be Prepared for Major Shift in EU Clinical Trial Environment; March 2013 (see Clinical Trials)
Public Health Group Wants EU Device, Drug Traceability Systems Aligned; September 2013 ..........67
EPHA’s Position Paper on the Device and IVD Regulations (see disc)
EU Lawmakers Set to Vote on EMC, Measuring Device Directives; September 2013 .....................68
EU Panel Supports PMA Mechanism; Proposal Heads to Plenary Vote; October 2013 .....................69
ENVI Sends IVD Regulation to Plenary; Industry Balks at Three-Year Transition; October 2013.........71
Industry Estimates $23B in Added Costs Related to EU Device Reg Revisions; October 2013 ..........72
Factsheet: Financial Impact of the Revision of the EU Medical Devices Directives on European
SMEs and Industry (see disc)
EU Lawmakers Approve Device, IVD Overhaul Texts, Smaller Role for EMA; November 2013 ..........73

Adopted Text of the EU Device Regulation (see disc)
Adopted Text of the IVD Regulations (see disc)

Borderline Product Ruling Cements Challenges for Devicemakers; November 2013 (see Transparency)

Device Reclassification

U.S. FDA Clamps Down on MoM Hips, Proposes Highest Risk Classification; February 2013 ..........77

Federal Register Notice on New Classification for Implants (see disc)

TGA Offers Checklist, Tips on Joint Class III Reclassification Submissions; February 2013 ..............78

Documentation Checklist for Hip, Knee & Shoulder Joint Reclassification to Class III (see disc)

Australia Updates List of Allowable Variants in Joint Reclassifications; March 2013 .....................79

Joint Reclassification Advice: Variants (see disc)

EU Expert: Spine Implant Makers Can Learn from Earlier Joint Reclassifications; July 2013 ..........80

Device Registration

Philippines Now Requires e-Copies of Facility, Product Registrations; February 2013 .....................83

Guidelines on the Submission of LTO and CPR Application with Electronic Copy (see disc)
More Guidelines on the Submission of LTO and CPR Application with Electronic Copy (see disc)
Checklist of Requirements on the Submission of LTO and CPR Application with Electronic Copy (see disc)

Eased Stability Testing Rules Could Help Speed Japanese Device Approvals; March 2013 .............84

CDSCO Publishes Set of FAQs Aimed at Demystifying Device Requirements; March 2013 ..........85

Frequently Asked Questions on Registration and Import of Medical Devices in India (see disc)
In Vitro Diagnostic (IVD) Devices Frequently Asked Questions (see disc)

U.S. Imaging Group Seeks Broader Access in Brazil, Harmonized Regs; March 2013 ......................86

Argentina Eases Device Registration for Some Products, Impact Unclear; April 2013 ......................87

Device Groups Push to Include Single Audit in TTIP; Negotiations May Start by Summer;
May 2013 ........................................................................................................................................88

Brazil Moves to Streamline GMP Certificates, International Standards; June 2013 .......................90

MHRA Developing Tracking System for High-Risk Devices; Pilot Planned; July 2013 (see Regulatory Authority)

Double Check Flash Drive Before Burning eCopies, U.S. FDA Says; November 2013 ..............92

eCopy Program for Medical Device Submissions: Guidance for Industry and Food and Drug Administration Staff (see disc)

Malaysian Regulator Outlines Device Installation, Acceptance Criteria; November 2013 ............94

Draft Medical Device Guidance Document: Requirements for Installation, Testing & Commissioning, and Acceptance of Medical Device (see disc)

Canada Updates List of Medical Device Recognized Standards; November 2013 ....................95

Announcement of Changes to the Therapeutic Products Directorate’s List of Recognized Standards for Medical Devices (see disc)

Single-Audit Pilot Rolls out in January, Will Be Limited to CMDCAS Registrars; November 2013 (see IMDRF)
**Device Regulation**

Brazil Mulls Foreign GMP Certificates in Effort to Decrease Time, Workload; April 2013 (see Emerging Markets)

**Emerging Markets**

Major Changes to India’s Device Regulations Unlikely in 2013; January 2013 ........................................ 99
Malaysia Expects Significant Growth in Medical Device Sector by 2020; January 2013 ......................... 101
RAPS, Singapore Collaborate on First SE Asia Regulatory Training Program; April 2013 ..................... 102
Brazil Mulls Foreign GMP Certificates in Effort to Decrease Time, Workload; April 2013 ................... 103
Cost, Time to Market Top Industry Concerns in TGA Premarket Revisions; April 2013 (see Regulatory Authority)
China Considering Fast-Track Pathway for Novel Medical Technologies; May 2013 .......................... 104
RAPS’ China, Singapore Offices Underscore Growing Interest in Asian Device Markets; July 2013 ... 106
Malaysia Issues Final Guideline on Device Registration; September 2013 (see Regulatory Authority)
Agreement Puts Focus on Nanotech Research, Regulation in Brazil; October 2013 (see Innovative Technologies)
India CDSCO Overhaul Bill Could Fizzle in Busy Pre-Election Year; October 2013 (see Regulatory Authority)

**Ethics**

India to Industry: Be Sure Ethics Panels Are Registered Before Starting Trials; March 2013 ............ 109
Amendment to India’s 1945 Drugs and Cosmetics Rules (see disc)
AdvaMed: Trans-Pacific Trade Pact Should Promote Fair Reimbursement; May 2013 ....................... 110
Brazil Enacts Strict Antibribery Law, Implements New GMP Framework; September 2013 (see Regulatory Authority)
Brazil’s New Anti-Bribery Law Has Consequences for Industry, Experts Warn; December 2013 (see Transparency)

**Fees**

TGA Outlines Financial Deadlines for Sponsor Submissions; March 2013........................................... 113
U.S. FDA Unveils FY ’14 User Fees; PMAs Jump More Than $10K; September 2013 ....................... 114
FDA Fiscal 2014 User Fee Guidance (see disc)
NZ Industry Flinches at Fees in Trans-Tasman Regulatory System; December 2013 .......................... 115
Australia New Zealand Therapeutic Products Agency ANZTPA: A Proposed Regulatory Framework for Medical Devices (see disc)

**GMP**

New Zealand, EU Agree to Recognize Conformity Assessments, GMP Audits; January 2013 (see Conformity Assessment)

**Harmonization**

IMDRF Hoping UDI Rollout in U.S. Will Offer Roadmap for Global System; January 2013 (see UDI)
U.S. Imaging Group Seeks Broader Access in Brazil, Harmonized Regs; March 2013 (see Device Registration)
Philippines Embraces Harmonized Postmarketing Alert System; May 2013 (see Postmarket Reporting, Surveillance)

**IMDRF**
IMDRF Unveils Global UDI Scheme; Core Concepts Endorsed in EU Recommendation; May 2013 (see UDI)
Device Groups Push to Include Single Audit in TTIP; Negotiations May Start by Summer; May 2013 (see Device Registration)
Brazil Moves to Streamline GMP Certificates, International Standards; June 2013 (see Device Registration)
IMDRF Aims for Single-Audit Pilot in 2014; Auditor Training to Begin This Summer; July 2013
IMDRF Provides Harmonized Definitions for When Stand-alone Software Is a Device; August 2013
Aussie Devicemakers Call for Clarity, Flexibility in IMDRF UDI Guidance; September 2013 (see UDI)
Single-Audit Pilot Rolls out in January, Will Be Limited to CMDCAS Registrars; November 2013
IMDRF Management Committee Adopts MDSAP Guidances, Two New Work Items; December 2013

**Implants**
EC Report Calls for Breast Implant Registry, Long-Term Retrieval Study; November 2013 (see Safety, Risk Management)
UK Proposal Would Block Most Metal-on-Metal Hip Implants; November 2013 (see Safety, Risk Management)

**Imports**
CDSCO Publishes Set of FAQs Aimed at Demystifying Device Requirements; March 2013 (see Device Registration)

**Innovative Technologies**
Sweden Casts Wide Net on When Stand-Alone Software Is a Device; March 2013
Experts: Use Traditional Marketing as a Guide for Social Media Policy; April 2013
MTAA Seeks Specific Language on Medical Apps in Australian Mobile Privacy Guideline; May 2013

---

Stand-alone Medical Device Software: Key Definitions (see disc)
List of Registrars Recognized by Health Canada Under Section 32.1 of the Medical Devices Regulations (MDR) (see disc)
Annex: Progress on IMDRF Work Items (see disc)
Medical Information Systems – Guidance for Qualification and Classification of Stand-alone Software with a Medical Purpose (see disc)
Mobile Privacy — A Better Practice Guide for Mobile App Developers: Consultation Draft - April 2013 (see disc)
MTAA’s Response to Mobile App Guidelines (see disc)
Industry: Trans-Tasman Warning System Could Spark Unnecessary Concerns; May 2013 (see Safety, Risk Management)

EC Seeks Scientific Input on Scope, Safety of Synthetic Biology; June 2013 .................................................. 131

European Commission’s Report on Synthetic Biology (see disc)

Europe’s FaBiMed Project Aims to Revamp Custom Manufacturing; August 2013 ................................. 132

U.S. FDA: Wireless Device Guidance Focuses on Interference, Risk Mitigation; September 2013 .......... 133

Radio Frequency Wireless Technology in Medical Devices: Guidance for Industry and Food and Drug Administration Staff (see disc)

Agreement Puts Focus on Nanotech Research, Regulation in Brazil; October 2013 ................................. 135

U.S. to Exercise ‘Enforcement Discretion’ with Many Mobile Medical Apps; October 2013 ...................... 136

Mobile Medical Applications: Guidance for Industry and Food and Drug Administration Staff (see disc)

Australia’s Q&A Guidance Clears up Confusion on Mobile App Classification; October 2013 .......... 138

TGA Regulation of Medical Software and Mobile Medical ‘Apps’ (see disc)

Medsafe Modernizes Contraceptive Standards to Include ‘New’ Materials; October 2013 ...................... 139

Consultations: Standards for Contraceptive Devices Supplied in New Zealand (see disc)

Inspections

Australia Releases Costs, Details of Planned Premarket Reforms; June 2013 (see Safety, Risk Management)

IMDRF Aims for Single-Audit Pilot in 2014; Auditor Training to Begin This Summer; July 2013 (see IMDRF)

Survey Points to Jump in Issued Certificates from Notified Bodies; August 2013 (see Transparency)

EC Issues Rules on Standards, Audit Requirements for Notified Bodies; October 2013 ......................... 143

Implementation Regulation on Standards for Notified Bodies (see disc)

Recommendation on Audits and Assessments (see disc)

CFDA Exempts Some Class II Devices from Clinical Trials, Beef ups Inspections; November 2013 (see Clinical Trials)

EU is ‘Raising the Bar’ on Notified Bodies, Joint Audits Report Shows; December 2013 ......................... 145

IMDRF Management Committee Adopts MDSAP Guidelines, Two New Work Items; December 2013 (see IMDRF)

In Vitro Devices

Rapporteur for IVD Regulation Seeks Stricter Controls Over Clinical Trials, Genetic Testing; May 2013 .............................................................................................................................................. 149

Draft Report on the Proposal for a Regulation of the European Parliament and of the Council on In Vitro Diagnostic Medical Devices (see disc)

IVD Makers Face ‘Quantum Leap’ in Requirements Under Proposed EU Reg; May 2013 ...................... 151

China Beef ups Controls of IVD Reagents; Buyers Should Monitor for Compliance; June 2013 .......... 152

ENVI Sends IVD Regulation to Plenary; Industry Balks at Three-Year Transition; October 2013 (see Device Directives)

EU Lawmakers Approve Device, IVD Overhaul Texts, Smaller Role for EMA; November 2013 (see Device Directives)
Manufacturing

Europe’s FaBiMed Project Aims to Revamp Custom Manufacturing; August 2013 (see Innovative Technologies)

Patents

European Parliament Approves EU Unitary Patent Rules; January 2013 ..........................................................155
  Patent Reform Package - Frequently Asked Questions (see disc)

More Diagnostic Patent Claims Kicked Out Under Post-Prometheus Guidelines; March 2013........156

U.S. High Court Ruling on Isolated DNA Patentability Is Blow to Biotech Firms; July 2013 ...............157
  U.S. Supreme Court Ruling in Association for Molecular Pathology v. Myriad Genetics (see disc)

Postmarket Reporting, Surveillance

EC Clarifies Vigilance Reporting Needs for Non-Contact Devices; February 2013........................161
  EC Guidelines on a Medical Devices Vigilance System (see disc)

Egypt Turns Attention to Device Safety with New Vigilance Guidelines, Office; February 2013........162
  The Egyptian Guideline for Medical Device Vigilance System (see disc)

Industry Decries ‘Needle in a Haystack’ Approach to Device Scrutiny Proposal; February 2013 (see
  Device Directives)

Philippines Embraces Harmonized Postmarketing Alert System; May 2013.........................................................164
  PFDA Announcement of New Warning System (see disc)

Industry to TGA: Postmarket Surveillance, Registries Best Way to Assure Device Safety;
September 2013 ..................................................................................................................................................165
  Regulation Impact Statement: Changes to Premarket Assessment Requirements for Medical
  Devices (see disc)
  BSI’s Comments on TGA’s Device Scrutiny Proposals (see disc)

Premarket Approval

UK Says More Transparency, Not Premarket Mechanism Needed for High-Risk Devices;
January 2013 .....................................................................................................................................................169
  UK Response on PIP Breast Implant and Regulation of Cosmetic Interventions (see disc)

U.S. FDA Issues Final Guidances on 510(k) Refuse-to-Accept, PMA Review Policies; February 2013
  (see 510(k))

EU: Rapporteur’s Call for Premarket Procedure Draws Industry Ire; May 2013..................170
  ENVI Draft Report on Amending the Medical Device Directive (see disc)

EU Device Regulations: Little Support for PMA; Mandatory Liability Coverage Proposed; June 2013
  (see Regulatory Authority)

Industry: TGA Premarket Scrutiny Plan Wouldn’t Catch Most Device Defects; July 2013 ..............172
  MTAA Comment Paper on TGA’s Exposure Draft Regulation Impact Statement: Changes to
  Premarket Assessment for Medical Devices (see disc)

EU Panel Supports PMA Mechanism; Proposal Heads to Plenary Vote; October 2013 (see Device Directives)
Pricing, Reimbursement

NICE: Recent Guidances Show Upswing in Medtech Reviews; February 2013 .................................175
  NICE’s WatchBP Home A Guidance (see disc)
  NICE’s Exogen Guidance (see disc)
NICE Takes over UK Medtech Adoption Program, Plans Innovation Briefings; June 2013 ..........177
Canada Spends Less on Medical Devices Than Other Developed Countries; June 2013 .....................178
  Medical Devices and Healthcare Costs in Canada and 65 Other Countries, 2006 to 2011 (see disc)
Aussie Industry Urges More Flexibility in Standardization of Clinical Trial Costs; June 2013 (see Clinical Trials)
EUneHTA Renal Nerve Denervation Pilot Now Covers Entire Class; August 2013 (see Regulatory Authority)
UK’s NICE OKs Tracheal Endoscope, Vaginal Acidity Reader for Pregnancy; August 2013 (see Regulatory Authority)
UK Cost Watchdog OKs Test to Speed Post-Cancer Surgery Results; September 2013 ......................179
  NICE’s RD-100i OSNA System Guidance (see disc)

Quality Management

Singapore Draft Guidance: Audit Suppliers to Check QMS Compliance; January 2013 ...........................183
  Singapore’s Quality Management System Guidance (see disc)
Guidance Lays out Good Distribution Practice for Devices in Malaysia; August 2013 (see Regulatory Authority)

Reach

Denmark Wants Device Reg Negotiations to Include Phaseout of Phthalates; August 2013 (see Regulatory Authority)

Regulatory Authority

Input Sought on U.S. FDA Device Audit Plan, Assessment Slated for Summer; January 2013 ..........187
  Independent Assessment of FDA Device Review Process Management: Statement of Work (SOW) (see disc)
Major Changes to India’s Device Regulations Unlikely in 2013; January 2013 (see Emerging Markets)
Australia Outlines Latest Proposals for Enhancing Device Scrutiny; February 2013 ..........................188
  Changes to Premarket Assessment Requirements for Medical Devices: Proposal Paper (see disc)
Devicemakers Already Actively Involved with HTA Bodies, EU Report Shows; February 2013 ............189
  Report on the Public Consultation on the Modalities of Stakeholder Consultation in the Future Health Technology Assessment Network (see disc)
Court Knocks down Spain’s Medical Products VAT, Orders Repayment; February 2013 ...............190
ASTM Standard Addresses Use of Polymer in Implantable Devices; February 2013 ..........................191
Aussie Government Jobs Plan Provides New Supports for MedTech Innovation; March 2013 .......192
  TGA Reforms: A Blueprint for TGA’s Future (see disc)
China, South Korea Regulatory Overhauls Not Likely to Impact Device Policy; April 2013 ..........194
Saudi FDA Sets Criteria for Bundling Device Marketing Authorizations; April 2013 .........................196
Guidance for Industry Format and Content of Proposed Bundling/Grouping Criteria for Medical Devices (see disc)

Russia’s New Device Registration Requirements: Still Not User-Friendly; April 2013 ....................197

Cost, Time to Market Top Industry Concerns in TGA Premarket Revisions; April 2013 ....................199
Changes to Premarket Assessment Requirements for Medical Devices (see disc)

Canada Offers Guidance on Classifying Products at the Drug-Device Interface; April 2013 .............200
Factors Influencing the Classification of Products at the Device-Drug Interface (see disc)

MHRA Launches ‘Innovative Office’ to Promote Early Communication; April 2013 .......................201

U.S. Sequestration Tightens FDA’s Belt, Industry Braces for a Slower Agency; April 2013 .............202

Russia’s New Device Registration Requirements Still Not User-Friendly; April 2013 (see Emerging Markets)

Argentina Eases Device Registration for Some Products, Impact Unclear; April 2013 (see Emerging Markets)

Rapporteur for IVD Regulation Seeks Stricter Controls over Clinical Trials, Genetic Testing; May 2013 (see In Vitro Devices)

IVD Makers Face ‘Quantum Leap’ in Requirements Under Proposed EU Reg; May 2013 (see In Vitro Devices)

EU: Rapporteur’s Call for Premarket Procedure Draws Industry Ire; May 2013 (see Premarket Approval)

EU Device Regulations: Little Support for PMA; Mandatory Liability Coverage Proposed; June 2013 .................................................................204
Roth-Behrendt and Liese Reports on EU Device and IVD Regulations (see disc)

MHRA Seeks Input on Approach to EU Animal Tissue, eLabeling Regulations; June 2013 ..........206
MHRA’s Consultation on Use of Animal Tissue in Devices (see disc)

U.S. Conflict Minerals Case Delayed as Compliance Deadline Inches Closer; June 2013 ............207
SEC’s Final Conflict Minerals Rule (see disc)

France’s ‘Sunshine’ Law Sees Daylight; Disclosures Retroactive to Jan. 1, 2012; June 2013 (see Transparency)

MRI Facilities Get Pass on EMF Exposure Rules, Must Adopt Protective Measures; July 2013 ........208
Guidance Clarifies CA Requirements in Device, Electrical Equipment Laws; July 2013 ..................209
Eucomed’s Guidance on RoHS 2 Conformity (see disc)

MHRA Developing Tracking System for High-Risk Devices; Pilot Planned; July 2013 ..............210
MHRA’s Progress Report for Tracking High-Risk Devices (see disc)

Aussie Parliament Chamber Supports Use of SEMDs to Reduce Sharps Injuries; July 2013 ..........211

Japan Partners with Universities on Early Sponsor Consultations; July 2013 ..............................213
Recalls vs. Enhancements Guidance Overreaches, Industry Tells U.S. FDA; July 2013 .............215

U.S. FDA: Releasing More Trial Data Could Hasten Medtech Development; July 2013 .............217
FDA’s Consultation on Releasing Additional Trial Information (see disc)

EU Expert: Spine Implant Makers Can Learn from Earlier Joint Reclassifications; July 2013 (see Device Reclassification)

U.S. High Court Ruling on Isolated DNA Patentability Is Blow to Biotech Firms; July 2013 (see Patents)
Industry TGA Premarket Scrutiny Plan Wouldn’t Catch Most Device Defects; July 2013 (see Premarket Approval)

EU Internal Trade Rapporteur Further Refines Notion of ‘Single-Use Device’; August 2013 ..........218
Rapporteur Opinion on Single-Use Devices (see disc)

Denmark Wants Device Reg Negotiations to Include Phaseout of Phthalates; August 2013 ..........220

EUnetHTA Renal Nerve Denervation Pilot Now Covers Entire Class; August 2013 ......................221
EU Pilot for a Rapid HTA of Renal Nerve Denervation Device (see disc)
Draft HTA Consultation Response (see disc)

UK’s NICE OKs Tracheal Endoscope, Vaginal Acidity Reader for Pregnancy; August 2013 ..........222
NICE Opinion on VALD Device (see disc)
NICE aScope2 Guidance (see disc)

China FDA Issues Field Results from Random Device Quality Tests; August 2013 .................225

UK Pharma Giant’s China Woes Offer Cautionary Tale for Devicemakers; August 2013 ..........226

Guidance Lays out Good Distribution Practice for Devices in Malaysia; August 2013 ...............228
Regulatory Requirements for Medical Device Safety & Performance: Good Distribution Practice for Medical Devices (GDPMD) (see disc)

India Considering Separate Regulatory Authority for Biotechnology Products; August 2013 ..........229
India’s Biotechnology Authority Bill (see disc)

Devicemakers Reject TGA Proposal to Ban Ads for High-Risk Devices; August 2013 (see Advertising, Marketing)

U.S. NIH Halts Clinical Trials in India; Experts Blame New Compensation Rules; August 2013 (see Clinical Trials)

Brazil Enacts Strict Anti bribery Law, Implements New GMP Framework; September 2013 ..........230

Malaysia Issues Final Guideline on Device Registration; September 2013 .............................232
Malaysia’s Six-Step Guideline on Registering Devices (see disc)
List of Malaysian Conformity Assessment Bodies (see disc)

Final Guidance Clarifies U.S. FDA Ideas on Risk-Based Clinical Trial Monitoring; September 2013 ..233
Guidance for Industry: Oversight of Clinical Investigations — A Risk-Based Approach to Monitoring (see disc)

Orphan Sponsors to Get One-on-One Talks with U.S. FDA, EMA Officials; September 2013 ..........235
India Steps Back on Trial Compensation Rules, Introduces Regulatory Framework for Devices; September 2013 (see Clinical Trials)

U.S. FDA Wireless Device Guidance Focuses on Interference, Risk Mitigation; September 2013 (see Innovative Technologies)

EU Lawmakers Set to Vote on EMC, Measuring Device Directives; September 2013 (see Medical Device Directives)

UK Cost Watchdog OKs Test to Speed Post-Cancer Surgery Results; September 2013 (see Pricing, Reimbursement)
India: CDSCO Overhaul Bill Could Fizzle in Busy Pre-Election Year; October 2013 .........................236

India’s Regulatory Overhaul Bill (see disc)

A Hint of Changes to Come in Japan, and Cautionary Advice on China; October 2013 ......................237

U.S. to Exercise ‘Enforcement Discretion’ with Many Mobile Medical Apps; October 2013 (see Innovative Technologies)

Australia’s Q&A Guidance Clears up Confusion on Mobile App Classification; October 2013 (see Innovative Technologies)

Medsafe Modernizes Contraceptive Standards to Include ‘New’ Materials; October 2013 (see Innovative Technologies)

Long-Awaited U.S. Final UDI Rule Addresses Industry Concerns; October 2013 (see UDI)

Double Check Flash Drive Before Burning eCopies, U.S. FDA Says; November 2013 (see Device Registration)

Malaysian Regulator Outlines Device Installation, Acceptance Criteria; November 2013 (see Device Registration)

Canada Updates List of Medical Device Recognized Standards; November 2013 (see Device Registration)

Increased Global Focus in U.S. FDA Device Compliance Office Restructure; December 2013 ..............238

FDA Device Compliance Office Reorganization Chart (see disc)

U.S. FDA Considers Prequalifying Device Development Tools; December 2013 ..................................239

Medical Device Development Tools: Draft Guidance for Industry, Tool Developers, and Food and Drug Administration Staff (see disc)

India: Proposed Clinical Trial Oversight Reforms Raise Concerns; December 2013 (see Clinical Trials)

NZ Industry Flinches at Fees in Trans-Tasman Regulatory System; December 2013 (see Fees)

**Risk Communication**

New Devices Don’t Need Special Warning, Industry Tells TGA; July 2013 .............................................243

Evaluating the Feasibility of a New-to-Market Risk Communication Scheme for Therapeutic Goods: Public Consultation Paper (see disc)

MHRA Seeks Input on Plan to Streamline AE Reporting; October 2013 (see Adverse Events)

**Safety, Risk Management**

U.S. FDA Offers Advice on When Product Enhancements Require a Market Recall; March 2013 ......247

Distinguishing Medical Device Recalls from Product Enhancements and Associated Reporting Requirements: Draft Guidance for Industry, Food and Drug Administration Staff (see disc)

Industry: Trans-Tasman Warning System Could Spark Unnecessary Concerns; May 2013 ..................249

Comments on the Trans-Tasman Early Warning System: How the Process Will Work in Australia and New Zealand (see disc)

Australia Releases Costs, Details of Planned Premarket Reforms; June 2013 .........................................250
